

BNIX CONNECTION TARIFFS 2017

The Monthly/Yearly fees for dedicated connections to the BNIX unicast (IPv4/IPv6) VLAN are :

<u>Services</u>	<u>Connection</u>	<u>Monthly fee (EUR/month)*</u>	<u>Annual fee Excl.21% VAT (EUR/year)</u>	<u>One-off setup fee Excl. 21% VAT (EUR/Port)</u>
100Base-TX Fast Ethernet connection (**)	UTP Distance: 100m max	83,33	1.000,00	500,00
1000Base-SX Gigabit Ethernet connection (**)	Optical MMF Distance: 200m max	250,00	3.000,00	1.000,00
1000Base-LX/LH Gigabit Ethernet connection (**)	Optical SMF Distance: 10km max	250,00	3.000,00	1.000,00
1000Base-ZX Gigabit Ethernet connection (**)	Optical SMF Distance: 70km max	250,00	3.000,00	1.000,00
10GBase-LR 10-Gigabit Ethernet connection (**)	Optical SMF Distance: 10km max	750,00	9.000,00	1.500,00
10GBase-ER 10-Gigabit Ethernet connection (**)	Optical SMF Distance: 40km max	750,00	9.000,00	1.500,00
100GBase-LR 100-Gigabit Ethernet connection (**)	Optical SMF Distance: 10km max	4.583,33	55.000,00	5.000,00

(*) Invoice period: quarterly

(**) Multiple Gigabit Ethernet connections can be aggregated (Etherchannel) without extra costs.

Additionally, you can request a free of charge connection on the BNIX multicast VLAN :

<u>Services</u>	<u>Connection</u>	<u>Monthly fees (EUR)</u>
100Base-TX Fast Ethernet connection	UTP Cat5, RJ45 Distance: 100m max	Free of charge

General remarks:

- new connections can only be accepted/ implemented on the *Level (3)*, the *InterXion* and the *LCL Bnix* PoPs.
- invoicing is done on quarterly basis and new connections or upgrades during the year are invoiced pro-rata from their starting dates.
- BNIX is managed by **Belnet**, the Belgian research network. Belnet is a federal organisation and belongs to the Federal Science Policy.
